Metal lockers don't stand a chance.

Quick installation and low maintenance costs add up to a 50% life cycle cost savings with Lenox Lockers.

Cost Savings with Lenox Lockers

Over time, metal lockers become dented and rusted like the tired looking example at left. Maintaining 50 metal lockers for 20 years with four paint jobs and two door replacements per locker could cost \$31,000!

Plastic lockers may require additional investment up front, but significant savings on repairs and maintenance will make up the difference over Lenox Lockers' 20-year life cycle.

20-Year warranty

Never paint a locker again! You get maintenance-free lockers that still look new after years of use. Even spray paint and magic markers are easily removed with standard cleaning products. All plastic locker parts and components carry a 20-year warranty against rust, corrosion, denting and delaminating under normal use. Normal use definition: Lockers installed in a climate-controlled environment, away from direct sunlight.

Lenox Lockers

Practical. Durable. Preferred. Lenox Lockers are the preferred specification in locker rooms all over the country.

The Lenox Locker Advantage

- 1 Most secure locking/latch system available: patented continuous slide latch made of 1/2" (127mm) thick High-Density Polyethylene (HDPE) secures the entire length of the door
- 2 Patented integral box provides strength: top and bottom are welded to frame; door and frame assembly is welded to box
- 3 Optional slope top helps prevent items being stacked on top
- 4 Heavy-duty stainless steel piano hinge is more durable and longer lasting than aluminum or plastic
- 5 Ergonomically-designed handle with concealed stainless steel hasp
- 6 Multiple locking mechanism options offer great variety
- 7 Fully-assembled product for fast, easy installation
- 8 Made from 30% pre-consumer content or 100% post-consumer content

Need more space?

Lenox Gear Locker and XL-Locker styles are Bradley's latest additions. Gear Lockers are wider and deeper and have plenty of secure storage space to accommodate all types of bulky equipment and gear. XL-Lockers are extra deep for up to 30% more space than standard lockers.

Gear Locker
